/ HoneyWell (WIN-PAK CS) ACFA Intellect , , , ACFA Intellect. .

:

1. / Honeywell.

The screenshot displays the Honeywell WIN-PAK CS software interface. On the left, there is a configuration panel with a dropdown menu showing '2' and 'СКУД/ОПС Honeywell 2'. Below this, a 'Компьютер' (Computer) field is set to 'LOCALHOST', and an 'Отключить' (Disable) checkbox is present. Two buttons are visible: 'Обновить список устройств' (Update device list) and 'Синхронизировать оборудование' (Synchronize equipment), with the latter being highlighted by a red oval. On the right side, the 'Версия модуля' (Module version) is '2.0.0.1'. Below this, there are four input fields labeled 'Логин:' (Login), 'Пароль:' (Password), 'Домен:' (Domain), and 'Пользователь:' (User).
