The screenshot displays a software interface for monitoring security events. At the top, there are tabs for 'Текущие события' (Current events), 'Поиск в архиве событий' (Search in event archive), 'Создать отчет' (Create report), and 'Создать событие' (Create event). Below the tabs, there are several control elements: 'Вход в архив' (Enter archive), 'Найти на карте' (Find on map), 'Эскалация' (Escalation), 'Протокол оператора 2' (Operator protocol 2), and 'Группировка по:' (Group by:). A 'Простой вид' (Simple view) checkbox is also present. On the right side, there are buttons for 'Применить ко всем' (Apply to all), 'Установить закладку' (Set bookmark), 'Введите комментарий' (Enter comment), 'Тревожная ситуация' (Alarm situation), 'Подозрительная ситуация' (Suspicious situation), 'Пожарная сигнализация' (Fire alarm), and 'Отложить' (Postpone). The main area shows four video feeds, each with a red 'Тревога' (Alarm) label and a timestamp. The top-right feed (itv3) is highlighted with a red box. The bottom-right feed (itv1) is also highlighted with a red box.

Event ID	Timestamp	Remaining Time
itv2	23-07-21 11:53:41	00:02:26
itv3	23-07-21 11:51:43	00:00:29
itv2	23-07-21 11:53:32	00:02:17
itv1	23-07-21 11:53:17	00:02:02
