3. ; (1).

The screenshot shows a configuration window for SIP settings. The window has a light blue background and a dark grey footer. The settings are organized into two main sections:

- Left Section:**
 - A text box containing the number "1" and a label "Луч SIP".
 - A dropdown menu labeled "Регион".
 - A checkbox labeled "Устройство видеоввода" with the text "Отключить" next to it.
 - A dropdown menu labeled "Устройство видеоввода SIP".
- Right Section (Настройки):**
 - A dropdown menu labeled "Номер канала" with the value "1".
 - Two radio buttons: "на замыкание" (selected) and "на размыкание". A large number "1" is positioned between these two options.
 - A dropdown menu labeled "Извещатель".

At the bottom left of the window, there is a large number "2" above two buttons: "Применить" and "Отменить".
