⋮

⋮

The diagram illustrates a sequence of points and labels. On the left, a vertical column of points (circles and squares) is shown. To the right of this column, there are labels: 'IV' in black, '0' in blue, and 'VL' in blue. Further to the right, there are more labels: '0' in black, 'VL' in blue, and 'VL' in blue. The points and labels are arranged in a way that suggests a process flow or state transitions.
