- The screenshot displays a video player interface for a security camera feed. The top bar shows the camera identifier '1.Камера' and a timestamp of 12:51:39. The main area contains a live video feed of a street intersection with a blue car in the center. The bottom bar features playback controls (play, stop, previous, next, full screen) and a timeline with markers at 12:51:30, 12:51:35, 12:51:40, 12:51:45, and 12:51:50. A volume icon is visible on the left side of the video frame.
